

Recovery Support Supervision | 2020

Curriculum & Criteria:

The Recovery Support Program was created to build an electronic monitoring supervision structure within a treatment or recovery home environment that is a low-cost option to standard supervision. These offenders are court ordered as a special condition of Probation while supervised and case managed through Shelby County Community Corrections.

Candidates for this program must agree to live in the recovery home of their choice for the duration of their supervision while participating in all the assigned activities of the recovery home. The objective of this program is to support individuals living in a recovery home environment while involved in the criminal justice system.

Cost: \$4 daily fee
 \$25 Admin Fee
 \$20 Drug Screens when applicable

Length: Minimum sentences should be 365 days, or 182 days with good time credit.
 Maximum sentence at the court's discretion.

Criteria: Candidates for this program will be identified based on certain criteria. The assigned Probation Officer will utilize the criteria checklist and determine if the individual qualifies for the program.

Charge levels accepted are F5, F6 and misdemeanors. Cannot be a sexual or violent offender nor have a dealing charge of any type on their criminal record.

Accepted individuals will agree to participate in regular team meetings between Shelby County Corrections, Probation, and/or recovery home staff.

All individuals participating in the Recovery Support Program will agree to abide by all rules of the recovery home, special conditions of Probation, and the rules of the Shelby County Community Corrections Recovery Support Program. New arrests or unsuccessful discharges from the recovery home will result in a petition to revoke probation being filed. All other non-compliant behavior will be addressed at team meetings.

Probation Officer Criteria Checklist

- Moderate or High-Risk level on the IRAS Community Supervision Tool.
- Has an F5 felony, F6 felony, or a misdemeanor charge.
- Individual is not a sexual or violent offender.
